

PLANTRONICS EXPLORER® 230

Comfortable, easy to use headset for first-time buyers

The Explorer 230 is an outstanding entry-level Bluetooth® headset. It delivers great battery life to match that of similar class mobile phones. It is lightweight and designed for style and comfort. The omni-directional microphone ensures excellent sound. QuickPair™ technology ensures it is easy to connect to any Bluetooth-enabled device. It has simple controls and an LED to indicate incoming calls, missed calls and low battery.

Key features:

- **Easy to connect to your mobile** – QuickPair technology for simple connection to any Bluetooth enabled device
- **Simple to use** – intuitive volume, call answer and call end controls
- **Contoured eartip** – fits in ear for comfort and enhanced sound quality

What's in the box:

- Headset
- AC charger
